## EDUCATION

### HETIC, Master's degree

2017 - 2022 | Paris, France

5 years training program dedicated to web related careers, analytics, e-marketing, project, management, web-design & development.

### French baccalauréat, Engineering sciences (coding option)

2016 - 2017 | La Réunion, France

English language european option mathematics in english.

## WORK

### Pickpack, Software developer intern

July 2019 - October 2019 | Berlin, Germany

Three months internship on the pickpack app as a React Native developer.

I handled bug fixes, made code reviews and added tests with Detox and Enzyme. I reworked and improved performances of views around the app (such as the map or the onboarding).

### Sacha Tourtoulou, Developer

April 2019 | Paris, France

Sacha Tourtoulou is a french designer. I worked on one of his portfolios. As his website looked like a startup one, I created the new one using React, with Gatsby to solve SEO problems. The site is responsive and displayed lazy loading images for performance.

### Olivier Geffard, Designer & Developer

June 2018 | Paris, France

He is a french artist and with other school mates we reworked his website. I designed some pages with Sketch and developed them as well with basic HTML, CSS and JavaScript.

### Digital consulting summit 2018, Graphic designer

May 2018 | Paris, France

Event organized by ESCP Europe students. I designed the logo of the DCS 2018 along with flyers, invitations and prints.

## SKILLS

UI Design  
Wireframing  
Front-end development  
Back-end development  
Mobile development

## PROGRAMMING

HTML5, CSS3, JavaScript  
Stylus/SCSS, Webpack, Git
